## ABOUT US

### WHO WE ARE

KM Fasteners, a family business established in 1983, manufactures and warehouses industrial fasteners in India. This third generation has now expanded to North America and Canada.

In 2014, KM Fasteners set up a distribution center for import warehousing in Salt Lake City, Utah and Calgary, Canada. Foreign imports come from certified manufacturers in India, China, Taiwan, Viet Nam, Singapore, Thailand and other Asian markets. We are planning to expand in supplying domestic products made in the USA, in the near future.

### WHAT WE DO

KM Fasteners stocks high quality standard bolts / screws, nuts, washers, threaded rods and studs and other types of fasteners. All of our vendors are ISO 90001 certified manufacturers and our products meet or exceed national & international standards such as IS, ISO, ASTM, DIN, SAE, etc. We provide mild steel fasteners, hi-tensile fasteners, alloy fasteners, stainless steel fasteners and special graded steel fasteners.

We specialize in procuring non-standard items made to print. On request we will also provide samples.

We take pride in servicing our customers and providing best quality products.

### QUALITY CONTROL

KM Fasteners is committed to providing the highest quality products. To maintain our utmost quality, we have relationships with third party inspection agencies overseas, and in North America. We personally test our products before dispatch and after receiving shipments.

### SUPPLY NETWORK

We ship stock anywhere in North America. From pallet quantity to container load, we'll take care of it. We also provide prepaid services, direct mill shipments from our overseas factory and provide stock-and-release services.

Our team is committed to providing quality customer service and customer satisfaction with quality products and competitive pricing.

### BOLTS / SCREWS / ALLEN BOLTS

- |                              |                                  |
|------------------------------|----------------------------------|
| Hex Bolts,                   | Foundation Bolt,                 |
| Heavy Hex Bolts (HSFG Bolts) | Round Head Square Neck Bolt      |
| Pin Type Fitted Bolts        | Slotted Counter Sunk             |
| B-7 Hex Bolts                | Hex Head Structure Bolts         |
| B-16 Hex Bolts               | Tension Control Bolts (TC Bolts) |
| Square Bolts                 | Drawing / Specification          |

Size / Range / Diameter  
**M6 to M100 & above / (1/4" to 4.0" & above)**

### NUTS

- |                 |                   |                       |
|-----------------|-------------------|-----------------------|
| Hex nuts        | Hex coupling nuts | T - nuts              |
| Heavy hex nuts  | Torque nuts       | Cap nuts              |
| Nylon lock nuts | Spring nuts       | Slotted & Castle nuts |
| Hex flange nuts | Wing nuts         | Lock nuts             |

Size / Range / Diameter  
**M6 to M100 & above / (1/4" to 4.0" & above)**

### WASHERS

- |                          |               |
|--------------------------|---------------|
| Plain washer             | HSFSG washer  |
| Harden & Tempered washer | Spring washer |
| Machines washer          | Disc washer   |
| Taper washer             | DTI washer    |

Size / Range / Diameter  
**M6 to M100 & above / (1/4" to 4.0" & above)**

### STUDS

- ASTM A307 Stud & Rods
- ASTM A193 -- B7 / B7M / B16 / B8 / B8M
- ASTM A320 L7 / L7M Studs & Rods

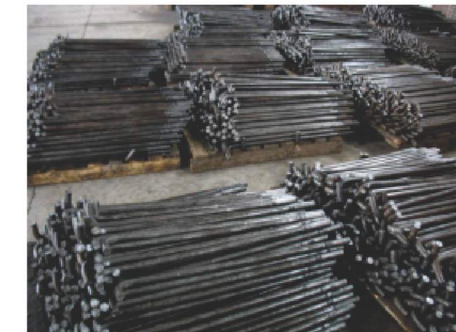

Size / Range / Diameter  
**M6 to M100 & above / (1/4" to 4.0" & above)**  
Length upto 2000 mm

### FOUNDATION BOLTS

- |         |                                |
|---------|--------------------------------|
| L Type  | Pipe Foundation                |
| J Type  | As per drawing & Specification |
| Sag Rod |                                |

Size / Range / Diameter  
**M6 to M100 & above / (1/4" to 4.0" & above)**  
Length upto 2000 mm

**Our Other Products :-** Foundation Bolts all types J-Bolts, L-Bolts, Eye-Bolts, U-Bolts etc.

## Technical Specifications

TYPE	SIZE	GARDE	MATERIAL (SPECS.)
Studs	M6 or M100 & above (1/4" to 4.0" & above)	4.6, 6.8, 8.8, 10.9, 12.9, (IS, ISO & DIN)	As per IS I 367 PART-III
		B7, B7M, B16, L7, B8, B8M (CL2)	As per ASTM I93, ASTM A320 As per ASTM A307
Bolts	M6 or M100 & above (1/4" to 4.0" & above)	4.6, 5.6, 6.8, 8.8, 10.9, 12.9,	As per IS I367 PART-III SAE J429, IS-3757
		B7, B16, 307B, B8, B8M	As per ASTM I93, ASTM A307
Nuts	M6 or M100 & above (1/4" to 4.0" & above)	GR. 4, 5, 8, 10, 12	As per IS I 367 PART-VI SAE J995
		GR 2H, 2HM, 4, 7, 8, 7M	As per ASTM I94, ASTM A563
Washers	M6 or M100 & above (1/4" to 4.0" & above)	IS 2016, F436, IS 6649 HSFG, SPRING WASHER, MACHINE WASHER	IS 2062, MILD STEEL EN-8, SPRING STEEL
Foundation	M6 or M100 & above (1/4" to 4.0" & above)	4.6, 8.8, 10.9 & B7	IS-I367 Part-III, ASTM A193
		GR. 36 / 55 / 105	ASTM F1554

Finish :The above products are available in finish like Phosphate, Black Oxide, Galvanised, Hotdip Galvanised, Cadmium Plating, Teflon (PTFE), Xylan & many more as per Customers Requirements.
